

Interest Is Keen In Camera Club Salon Meeting

Color Slides, Prints
Contests Scheduled
Tuesday, October 10

Interest in the annual salon meeting of the Carbide Camera Club is keen, officers of the organization report, and as a result a large number of outstanding entries are expected for the event to be held Tuesday night, October 12. Because of the interest shown, the meeting will be held at the Knights of Columbus Hall at Jefferson Circle instead of the club headquarters in the Y-12 East Portal building so that a larger crowd can be accommodated. The meeting next Tuesday night will be held at 7:30 o'clock.

Contests Are Scheduled

There will be competition in both color slides and black and white prints at the salon session. There will be three classifications in each group.

Color slides will be submitted on the subjects of children, flowers and still life and pictorials. In black and white prints entries will be offered on the subject of children, adults and pictorials. Prizes will be given the top three entries in each group.

All entries for the salon meeting must be in the hands of S. A. Hluchan, vice president of the club, 108 Darwin Lane, by Friday night, October 6.

Y-12ers Will Get Awards

In addition to the salon contests, prizes will be presented club members accumulating the most points in color slides and photographic prints contests held for the 12-month period through May of this year. All of the award winners for this period were Y-12 employees. In the color slide group Nat Stetson, president of the club, finished first with H. L. Dickerson second and John Ramsey third. In black and white prints first place was taken by Stetson with Don Ross second and Frank Gordon third.

GROVE URGES SECURITY

The United Press reports that Lieut. Gen. Leslie Groves, former Manhattan project head, told an audience at Hillier College, Hartford, Conn., that Americans should insist that the government maintain adequate security measures on atomic energy.

CARBIDE WILL SPONSOR RE-CREATION BROADCAST OF WORLD SERIES

For the entertainment of Y-12ers and others in Oak Ridge unable to hear the "live" afternoon broadcast of the world series ball games this week, Carbide has arranged to sponsor a re-created broadcast of the games over Oak Ridge Radio Station WATO from 9 p. m. to 10 p. m. every night of the series, except Saturday and Sunday. The abbreviated broadcast will be made by Art Metzler, sports announcer of the station. The station will carry the "live" broadcast of the game from the Mutual network in the afternoons.

TARGET FOR THE WEEK!! IT IS A PERFECT BULLSEYE SCORE FOR THE FIRE PREVENTION Week sought by the Y-12 Fire, Safety and Security Coordinators taking dead aim at their objective. Kneeling are W. C. Davis, Manufacturing Offices; W. S. Herron, Chemical; Ward Foster, Research and Development; while in the back row, from left, are Nelson Tibbatts, Maintenance; W. M. Hopkins, Engineering; Lee Bagwell, Industrial Relations; Roy M. James, Training Department; and Fire Capt. W. O. Elam.

Y-12 Photos By Vince Moore

Attendance Leaders Hold Same Positions

The same three Major League departments that ran one-two-three in the Y-12 attendance ratings for the week ending September 17 repeated their performance for the week ending September 24, although their absentee percentages jumped up a bit. The three leaders in the latest reporting period and their absentee records were Building and Grounds, .8 per cent; Materials Chemistry Division, 1.2 per cent; and the Guard Department with 1.3 per cent.

Five Departments Perfect

In the Minor League five departments came through with perfect attendance marks for the week ending September 24, three of them being repeaters from the preceding week. The repeaters were Steam Plant, Cafeteria and Superintendents. The Property Department advanced from third place to join the "all present" group and Receiving and Shipping climbed from sixth place to earn a place in the first five.

Second place in the Minor League was taken by the General Maintenance Office which reported 1.2 per cent of its personnel absent. Third place went to Plant Engineering which reported an absentee record of 1.5 per cent.

Plant Absenteeism Rises

The plant-wide absentee record for the week ending September 24 was 2.3 per cent, an increase of .4 per cent over the preceding

'Anti-Freezes' To Be Topic Of Headlines In Chemistry

"Anti-Freezes" will be the subject of the Headlines in Chemistry program to be broadcast at 9:15 o'clock Sunday night, October 8, over Oak Ridge Radio Station WATO. The program is sponsored by the East Tennessee Section of the American Chemical Society.

How anti-freezes are made will be discussed by W. J. Wilcox, Jr., of K-25. Co-hosts on the program will be Joseph Ruzicka, of the Atomic Energy Commission; and George Oliver, of K-25.

Credit Union Office Hours Changed; Cooper Is Treasurer

Effective this week, the office of the Y-12 Employees' Credit Union will be open only three days each week to handle applications for loans and membership, officers of the organization have announced. The office, in Room 16, Bldg. 9704-2, second floor, will be open from 11:30 a. m. to 1 p. m. on Mondays, Wednesdays and Fridays in the future. The telephone number of the office is 7541.

Officers of the credit union also announced that loan and membership applications also will be available at several places in the plant within the next few days. A further announcement on persons having the applications and their location will be made soon.

Carl A. Cooper, of Wage Stand-

C. A. Cooper

The change is now in effect.

Another change in committee personnel of the credit union is the appointment of Gordon Fielding, of Electrical Maintenance, to succeed A. M. Schrader as a member of the credit committee. Pat Hamrick has been appointed alternate member of the committee.

The credit union now has a membership of about 700 Y-12 employees. The steady growth of the organization and the increase in income from sale of shares makes it possible for the credit union to make larger loans than in the past, officers have announced.

ATOMIC MEDICINE STUDIED

Nine men, representing a cross-section of Washington area life, now are studying atomic medicine and civil defense first aid methods under direction of Daniel A. Leonard, director of safety services for the District of Columbia Red Cross Chapter, it is reported by the Washington Times-Herald.

Increased Income Tax Bite Is Effective This Week

That extra bite of income taxes to be withheld from Carbide pay checks under the new law boosting income levies will be felt in the pay checks to be delivered to hourly and weekly paid employees this Friday, October 6. The increased deductions for monthly paid employees will be made on the October checks distributed October 26.

The Carbide Payroll Department has a formula by which the income taxes for all employees is figured. For employees paid weekly the taxpayer can determine the tax to be paid at once by multiplying the number of dependents listed by \$13, subtracting this amount from the gross earnings and then multiplying that answer by 18 per cent. That amount is the tax to be paid.

Employees paid monthly can figure their tax in the same manner except that the number of dependents is multiplied by \$56 instead of \$13.

Y-12ers Issued Invitation To Attend Seminar Session

All Y-12 technical and scientific personnel interested in meetings of the Oak Ridge Physics Seminar are invited to the weekly meeting of the group set for 4 o'clock Friday afternoon, October 6, in the East Lounge of the Ridge Recreation Hall.

The topic of discussion at the meeting this week will be "Angular Correlation And Polarization of Gamma Rays." The meeting will be conducted by Dr. G. B. Arfken, Jr., of the physics division of the Oak Ridge National Laboratory.

Fire Prevention Will Be Stressed Here Next Week

Year-Around Program
Will Be Described In
Y-12 Department Talks

The importance and value of the year-around fire prevention program in the plant will be stressed to all Y-12 employees next week during the observance of Fire Prevention Week. The October 8-14 period has been proclaimed Fire Prevention Week by President Truman to impress the nation of the vital necessity of eliminating all possible fire hazards to reduce the toll in lives and money wrought by fires every year.

Coordinators Plan Program

Fire Prevention Week activities in Y-12 are coordinated by the Y-12 Policy Committee, Fire, Safety and Security Coordinators and divisional and departmental safety committees. The Fire, Safety and Security Coordinators, working closely with Fire Chief John W. Hughey and Capt. W. O. Elam, began last week to formulate a program that will insure that the message of fire prevention will reach every employee.

The coordinators and the divisions they represent are Nelson Tibbatts, Maintenance; W. C. Davis, Manufacturing Offices; W. S. Herron, Chemical; Lee Bagwell, Industrial Relations; Ward Foster, Research and Development; and W. M. Hopkins, Engineering. They met last Thursday with Captain Elam and Roy M. James, of the Training Department; who drafted a guide for Fire Prevention Week activities.

Meetings In All Departments

Fire prevention meetings will be held in every Y-12 department throughout the week during Fire Prevention Week. At these meetings supervisors will emphasize the importance of fire prevention in connection with every individual job. Supervisors also will appoint inspection committees to thoroughly check all work areas to determine if any fire hazards exist, and if so, to eliminate them immediately. Drills for local emergency squads, wardens and building personnel also are scheduled.

At the fire prevention meetings every employee will be urged to know the location of the nearest fire alarm box, how to turn in an alarm, how to use various types of fire extinguishers and to improve general housekeeping conditions throughout the plant.

Electrical Fires Most Frequent

Another Y-12er Gets 'Greetings' Notice; Leaves For Jackson

The long arm of Uncle Sam reached down into Y-12 again last week to extend "greetings" to Harvey C. Hankins, of the Research Engineering Department. He reported for service in the armed forces at Knoxville last Friday morning and left the same day by bus for Fort Jackson, Columbia, S. C., with a number of other inductees.

Hankins came to work in Y-12 on July 12 of this year and was a junior draftsman in the Research Engineering Department. He is 22 years old, a native of Knoxville and unmarried. He had no previous military service prior to his induction last week.

Fire Prevention Week Stressed In Y-12

Continued from Page 1
ture of fires in the plant show that fires originating in electrical equipment are most frequent. Following in order as causes are welding, chemical reactions, overheated combustibles, sparks, smoking and open flames. How these causes can be reduced or eliminated entirely will be discussed at each fire prevention meeting.
Y-12 Area Superintendent W. D. Lavers has urged in a message to all employees that everyone in the plant participate in the Fire Prevention Week program. He likewise has urged that the excel-

Attendance Leaders Hold Same Positions

Continued from Page 1
week. The record, by departments, follows:

MAJOR LEAGUE				
Dept.	More Than 50 Employees	Percentage Absent	9-24-50	9-17-50
2014	0.8	1	1	1
2300	1.2	2	2	2
2091	1.3	3	3	3
2282	1.4	4	4	4
2320	1.7	5	5	5
2616	1.9	6	6	6
2619	2.1	7	7	7
2283	2.3	8	8	8
2015	2.55	9	9	9
2360	2.59	10	10	10
2003	2.8	11	11	11
2142	3.1	12	12	12
2077	4.6	13	13	13

Group absentee percentage was 2.2 per cent, .5 per cent higher than the preceding week.

MINOR LEAGUE				
Dept.	Percentage Absent	9-24-50	9-17-50	
2743	0.0	1	1	1
2107	0.0	1	1	1
2200	0.0	1	1	1
2140	0.0	1	1	3
2143	0.0	1	1	6
2002	1.2	2	2	1
2060	1.5	3	3	2
2739	1.6	4	4	10
2109	2.0	5	5	4
2133	3.60	6	6	1
2005	3.64	7	7	11
2046	4.0	8	8	9
2001	4.8	9	9	12
2270	5.2	10	10	7
2064	5.6	11	11	8
2096	5.9	12	12	5
2008	7.5	13	13	13

Group absentee percentage was 2.9 per cent, .4 per cent higher than the preceding week.

The plant average for the week ending September 24 was 2.3 per cent, .4 per cent higher than the preceding week.

The following employees were patients in the Oak Ridge Hospital last week: Jack Spears, Field Maintenance; and B. B. Thornton, Manufacturing Offices.

Only one Y-12 employee was listed as a parent of babies born last week in the Oak Ridge Hospital. He is Alvin R. Kirksey, who became father of a baby girl born September 29.

lent record of the plant be maintained throughout the year by continuous practice of fire prevention.

MISS JEANETTE ARNOLD, CENTER REAR HOLDING BOWL, WAS HONORED AT A crystal and china shower September 21 by a group of friends, most of whom are fellow-employees in Y-12. The party was given at the home of Mrs. Dennie Williams, 117 Parker Road, and co-hostesses with Mrs. Williams were Mattye May, Margaret Carter and Sylvia Hatmaker. Guests at the affair, pictured above, are Mae Carson, Ann McWilliams, Naomi Wainscott, Evelyn Tucker, Martha Ray, Elizabeth Moyers, Marie Erskine, Ruth Hounshell, Martha Beals, Rella Murr, Corinne Hill, Lucy Townsend, Grace Boyd, Lona Maggart, her little daughter, Brenda Maggart, Myrtle Leach, Iva Mitchell, Mary Anderson, Ruby Jones, Wilma West and Gladys Williams.

Charlie Greene, down in Field Maintenance, came up with a good yarn last week. Seems as how he was walking down an Oak Ridge street a few nights ago when a frustrated character walked up to him and asked: "How do you get out of this town. I'm a salesman and have been all over town and haven't gotten a single order all day."

"What are you selling?" asked Charlie.
"Wall paper," the salesman replied.

(He might as well have been selling elevators.)

Susanne English, of Plant Records, and her husband had as guests last week her mother and father, Mr. and Mrs. G. W. Stutsman, of Dayton, Ohio . . . The department welcomes Betty Lou Broom, a new employee . . .

Phyllis Finneran is on a two-week vacation visiting her family out in Yuma, Ariz.

Dr. Paul D. Scofield, Y-12 Medical Director, is expected back this week from a business trip to Los Alamos, N. M. . . . Cordia Bledsoe left Friday by plane to visit her husband at Ft. Lewis, Wash. . . . Lillie Cobble and her husband, Ernie Cobble, of Buildings and Grounds, visited his sister recently at Midway, Tenn. . . . The Medical Department extends get well quick wishes to Leitha Daniel, who remains ill at her home . . . Joyce Hufstetler is welcomed to the department's record room.

The Materials Chemistry Division reports that Warren Grimes is vacationing for a week at his home in Indiana . . . Fred Hurst is spending a two-week vacation

at Jackson, Miss. . . . G. R. Peterson is doing likewise for the same time at his home in Clinton . . . Charles Blake has been given one of the choice roles in the Oak Ridge Community Playhouse production, "Born Yesterday," to be given October 5, 6 and 7.

Sgt. P. C. Dabbs, of the Guard Department, is vacationing with relatives in Kentucky.

Mrs. Betty Bean is welcomed into the Analytical Chemistry Division . . . Bill Lukeman has returned from his European trip, during which he attended Holy Year ceremonies at Rome, Italy.

W. H. Evans, of Electrical Maintenance, is vacationing at home. However, nobody in the department knows where C. O. Johnson, also vacationing, has gone.

W. W. Watson, of Field Maintenance, is vacationing on Norris Lake at Andersonville . . . Eugene Riddle is staying close to home on his vacation . . . H. J. Finger says he is going to Texas for his vacation — but J. K. Olmstead is vacationing in the East and hopes to see a World Series ball game or so.

Joe Walton, of the Isotope Research and Production Division, is quite a Kentucky football fan. He saw the Wildcats claw the L. S. U. Bengals and had planned to watch the Big Blue play the University of Mississippi last Saturday night . . . George Stukenbroeker is vacationing for a week and will attend the wedding of a brother in St. Charles, Mo.

The Stores Department says Dave Griffith is on vacation and planned to do some fishing if it didn't rain . . . B. B. Thornton remains off sick in the Oak Ridge Hospital . . . Edith Cruze is vacationing for a week at her home in Knoxville and is enjoying a visit from her son who is in the University of Tennessee Medical School at Memphis . . . Charles E. Fritts traveled up to Cincinnati, Ohio, while on vacation (to see that hoofin' hawg, maybe?)

Property Sales extends a welcome to W. A. Harrell and Ralph Redmon.

Roscoe A. Angel, of Property, vacationed for a week at his home in Oakdale . . . T. A. Norcross and Mrs. Norcross are vacationing for two weeks at St. Louis, Mo.

Helen Cunningham, of Manufacturing Offices, is vacationing

WIVES OF Y-12ERS AND EVEN SOME OF THE MEN themselves were active in the Flower Show held September 15 by the Home and Garden Section of the Oak Ridge Women's Club. At left Mrs. W. H. Haase, Sr., Mrs. C. P. Keim, Mrs. J. H. Beatty and Mrs. H. P. House look over a "Bride's Table," representing the month of June, and arranged by Mrs. Haase. All except Mrs. Beatty are wives of Y-12ers. At right Dr. C. P. Keim,

W. H. Haase, Sr., John Luce and Robert L. Knight, all of Y-12, look over entries in the Nursery Rhyme class. In front of Dr. Keim is the entry of his daughter, Virginia, while the entry of Donny Knight, son of Knight, is in the foreground. Haase is holding the bride's bouquet from his wife's table and Luce is proudly holding a ribbon won by an entry of his in the Flower Show.

Y-12 Photos By Vince Moore

Four City Sports Titles Won By Y-12 Teams This Summer

Baseball, Men's Bowling, Women's Softball And Tennis Crowns Taken

That city baseball championship brought to Y-12 a few days back by the Cardinals was a fitting climax to a highly successful summer sports program by representatives of the plant. A total of four — count 'em — four city titles were won by Y-12 teams and in addition a Y-12 golfer, Bill Reynolds, brought home the championship flight trophy in the All-Carbine golf tournament.

In addition to the baseball and golf crowns, Y-12 teams boasting of city titles are the summer bowling team captained by Avery Kendig, the women's tennis team led by Lovelle Thompson and the

women's softball team. **Good Sportsmanship Shown**

In reviewing these feats an important factor to be cited is not only the fact that Y-12ers won these honors — but also how they did it. Upholding the reputation of past Y-12 teams, some champions, some also rans, every representative of the plant champs of the summer of 1950 was a thorough sportsman from start to finish. In competition with all opposition the Y-12ers played hard and clean. Of course, they were happy over winning but in moments of defeat there were no squawks or whines.

Superintendent Lavers Pleased

Every employee of Y-12 can well be proud of all members of the championship teams—as well as those on teams that tried hard but failed to bring home any titles.

Bill Burns Wes Savage

Y-12 Area Superintendent W. D. Lavers, one of the plant's outstanding sports fans, is high in his praise of the plant teams.

"Four Y-12 teams have shown themselves to be champions in the field of sports this summer," Superintendent Lavers said. "They are to be congratulated for bringing this honor to Y-12. Although

they got much personal fun out of the competition, there undoubtedly were times in which one or more of the team members made some personal sacrifice to play. This spirit, carried over onto the job, contributes greatly to the plant morale and is appreciated by all of us who have the interests of Y-12 at heart."

Cards Come From Behind

The triumph of the Cardinals probably was the most spectacular of any of the teams, as the athletes under Co-Managers Bill Burns and Wes Savage had to come from far back in the stretch to win. In the first half of the season the team jogged around in the second division and took some sound thrashings. However, just before the first half ended the Cards apparently found themselves and under the steady hand

Y-12er Also Captures Championship Flight In Company Golf Tourney

of Burns they began to win. A five-game winning streak was broken just before the first half of the season was completed, knocking the Cards out of a chance for the league lead. In the second half the Y-12ers broke fast and marched right through their schedule to come out on top. Then they proceeded to take two out of three games from the Oak Ridge National Laboratory Nats for the season's title.

There was a fine team spirit among the Cardinals after they found their legs — and for creating and holding this spirit the great bulk of the credit is due Burns, who was ably assisted by Savage.

Burns Is Congratulated

Cubs Take First Place In B Loop Standings

The Cubs took over sole possession of first place in the B League of plant keglers last week by sweeping four points from the One-91 pinmen. However, the All Stars were right on their heels, also taking a whitewash victory over the Bums. Another clean sweep was made by the Tigers with the Bumpers as victims and in other matches the Comets took three from the Head Pins, the Wolves had a similar win over the Rippers while the Wasps and Maintenance divided.

Roy Roberts, of the Comets, took scratch scoring honors with a 215 game and 595 series, the latter being the season's high score in the loop. He also tied with Palmer, of the Tigers, for handicap series at 646. Schmitt, of the Bums, had a 246 handicap game for tops.

In team scoring the Comets took most of the honors, firing a 856 single scratch game, 2,511 scratch series and a 2,948 handicap series for the best of the year so far. However, the Cubs posted a 1,009 handicap single game.

League standing follows:

Team	W	L	Team	W	L
Cubs	14	2	Comets	9	7
All Stars	12	4	Bumpers	5	11
Rippers	10	6	Head Pins	5	11
Wasps	10	6	Tigers	5	11
Wolves	10	6	Bums	4	12
Maintenance	9	7	One-91	2	14

Women Bowlers Set New Alley Marks; Three Tied For Top

The Y-12 Women's League bowlers really got down to business last week with a host of seasonal record scores being posted and a three-way tie for first place after a night on the alleys. Sharing the top rung on the ladder were the Kemps, Woes and Controllers.

The Woes and Controllers advanced by blanking the Hi Balls and Dodgers, respectively while the Kemps earned their share of the lead by winning two from the Cracker Jax. In the other clash the Strikettes took two from the Racquetters.

All team scoring honors went to the Controllers with a 734 scratch single game, 2,106 scratch series, 1,003 handicap game and 2,913 handicap series, the latter three scores being tops for the season. Ruth Law rolled the season's high scratch game of 189, boosting it to 244 with handicap. Katie Williams also had the best handicap series of the season with 625. Betty Whitehorn posted a 449 scratch series for tops of the night.

League standing follows:

Team	W	L	Team	W	L
Kemps	8	4	Cracker Jax	5	7
Woes	8	4	Strikettes	5	7
Controllers	8	4	Dodgers	4	8
Hi Balls	6	6	Racquetters	4	8

Y-12 SPORTS NEWS

Y-12 Photos By Vince Moore

BY FAR THE MOST BEAUTIFUL ASSORTMENT OF trophies ever awarded to Y-12ers are the prizes, pictured above, to be given winners in the Y-12 match play of golf tournament. The massive gold and ivory colored trophy, center, is 18 inches high and will be awarded the victor in the championship flight. The other trophies are for winners in other flights.

Bums Win Softball Tourney With Triumph Over Old Foes

They might call them just plain Bums up in Brooklyn — but its Mister Bums for the Y-12 Plant Softball League team of the same name after last Wednesday night. The Y-12 variety of Bums on that night wound up the softball season in the plant by capturing top honors in the annual league tournament by knocking over their old rivals, Bldg. 9212. The "12s"

Elks Forced To Post Record Score To Trim Y-12 Bowlers

The Y-12 men's varsity bowling team gave out with one of their best exhibitions of the season Monday night, September 25, at the Oak Terrace but ran into a herd of Elks hotter than Georgia barbecue and were forced to bow to the lodgemen in two out of three games and total points.

The Elks posted the high team scores for the season with games of 997, 1,035 and 875—2,887 while Y-12 was rolling 883, 885, 910 — 2,678. All of the Y-12 keglers were well bunched in individual scoring, although none topped the 200 mark. Ernie Cobble led the Y-12ers with 172, 194, 177—543; closely followed by Frank Gragg 169, 189, 182—540; Walt Sherrod 184, 164, 191—539 Elmore Koons 188, 173, 172—533; and Nelson Tibbatts 170, 165, 188—523. In average scores for the season through the games of September 25 the lead was held by Gragg with 186 with other scores Cobble 179, Tibbatts 171, Sherrod 167 and Koons 165.

Monday Is Deadline For Golf Entries

Golfers of Y-12 intending to enter the plant-wide match play tournament are reminded that 9 o'clock next Monday morning, October 9, is the absolute deadline for reporting qualifying scores to the Recreation Office, North Portal, telephone 7-8252.

At that time the qualifiers will be arranged in flights according to their scores and drawings for matches made.

Qualifying scores must be made over the 18-hole route, as will be all matches in the tournament. Opening matches will be played Saturday or Sunday, October 14 or 15, with the finals to be staged the following week. Golfers starting their qualifying rounds must notify their playing partners or opponents or the Recreation Office that the card for that round is to be submitted for qualifying in the tournament.

A total of 18 golfers already have submitted their qualifying round cards. The best scores so far submitted were by Doug Lavers 79 and Arnold Tiller and Bill Reynolds, a pair of 81s.

WIFE OF Y-12 MAN SETS RIDGE BOWLING MARK WITH 254 GAME

Hazel Thurman, wife of Frank Thurman of Y-12, set an all-time Oak Ridge women's bowling record Thursday night, September 21, when she posted a 254 scratch game while rolling for the Mims team of the city league. She rolled two spares, a split, eight strikes and then knocked over nine pins in accumulating her record score. It was the first 200 game Mrs. Thurman had ever rolled. Her other two games of the night were 156 and 157 and her average before the "big" game was 142.

Big Third Inning Wins

A big third inning in the championship game brought home the bacon for the Bums. Five runs were pushed over in that frame and a pair of insurance tallies in the fifth broke a tie after the losers had rallied. Walton, Argo, Bays and Shotts each got two hits for the winners, one of Walton's being a triple. Marlar and Shoemaker banged a pair for Bldg. 9212. The opening game was a pitching duel with the only tally being scored by Thurman from second base on a double by Barker. Oliphant got the only two hits amassed by the Bums.

Individual trophies have been presented by the Recreation Office to Bldg. 9212 team members for winning the regular season championship and also to the Bums for their tournament victory.

Earlier in the tournament Bldg. 9212 had demonstrated a lot of power and ran up big scores in a pair of games with the Isotopes, taking one by 19 to 4 and the

Continued on Page 4

Monday Is Deadline For Golf Entries

After bringing the city title to Y-12, Burns last week was receiving congratulations from all sides. Perhaps no manager of any Y-12 team in the past ever gave as much of his time to the job. Burns also spent some of his own money at times to keep the team going. He persuaded ball players in the plant to come out for the team and held their interest and loyalty when they did. There even was a time when several players wanted to call it quits—but not Burns. He rallied the team and pushed them on to their success.

Women Netters Again Champs

The women's tennis team was Oak Ridge champions for the second successive year in the 1950 season. In the city league the Y-12 lassies finished with a record of 29 matches won against only 19 lost. These girls had the habit of overcoming handicaps and winning when the going was rough.

The women's softball team also compiled an excellent record although there was little quantity of competition in Oak Ridge. They ended up with a record of nine wins and six losses over the season and defeated K-25 for the city title and the right to represent Oak Ridge in the state tournament in Chattanooga. In this event the Y-12ers won one game and lost two. They gave the 1949 state championship Cas Walker team of Knoxville some tough opposition before bowing.

The men's summer bowling team of Y-12 got away fast in the league play and led the procession throughout the short season. This outfit ended up with a record of 40 points won to only 16 lost.

Y-12 Photos By Vince Moore

WINNERS OF THE Y-12 PLANT SOFTBALL LEAGUE Tournament, the Bums, are pictured above holding trophies they won for the meet. In the back row, from left, are Kenneth Brown, L. C. Martin, H. E. Argo, E. M. Honeycutt, George Oliphant, M. C. Bays, Jack Addison, W. C. Anderson and Ira J. Shotts. In front are Bill Mason, L. A. Walton, Manager Jess Hamon and Roy Hale. The three youngsters all belong to Hale, they being son Cecil and daughters Joyce and Ernestine. Not present when the picture was made were Hugh Rice and Bill McGill.

Test Of Emergency Sirens To Be Held

Emergency Plan officials of Oak Ridge have announced that a series of tests of the emergency signal sirens will be conducted during October to determine their audibility under varied weather conditions.

Each test will consist of an oscillating siren-type signal of five minutes duration, and each will be announced in newspapers and over the radio on the day before it occurs. However, since a true test of the signal as an attention-getter demands that it not be expected, the exact time of only the first test will be announced in advance.

Persons in Oak Ridge at the time of a test will be requested to fill out the test report blank to be printed in The Oak Ridger with each test announcement, and return them to the emergency plan headquarters unit, Atomic Energy Commission.

Each test will involve the simultaneous sounding of two special siren-type horns, one of which is installed about 500 yards east of the AEC administration building and the other at the intersection of Lincoln Road and Lincoln Circle. It is believed these sirens have sufficient volume to be heard throughout the city but because of Oak Ridge's irregular terrain and the unknown effects of various unfavorable weather conditions, this series of tests has been deemed necessary, officials said.

Several Y-12ers To Attend Folk Dance Anniversary Party

About a dozen Y-12ers are expected to be among approximately 80 Oak Ridgers at the anniversary folk party to be given by the Oak Ridge Folk Dance Club at the Greystone Hotel, Gatlinburg, Friday night, October 6, according to Matthew Wisnowski, of the Y-12 Plant Engineering Department, leader of the group. The party will begin at 8:30 o'clock.

The program will feature international type of folk dances with club members and the public both participating. Several demonstrations of varied types of folk dances also will be presented.

The club meets at 8:30 o'clock every Friday night in the East Lounge of the Ridge Recreation Hall and Wisnowski has extended an invitation to all Y-12ers interested in folk dancing to attend the meetings.

Reservists Must Report When Military Orders Come

All Y-12 employees have been notified of a change of Company policy concerning military status of reservists and draftees.

In the future all reservists will notify their supervisors as soon as they receive active military orders. Drafted men will report immediately when they are classified 1-A and subject to induction.

There now are 62 reservists in Y-12, including two women.

Halloween Party Set By ORNL Wives Club

An old-fashioned Halloween party will be given by the ORNL Wives Club at its monthly meeting to be held Monday night, October 8. The party will be held at 100 Tilden Road, beginning at 8 o'clock. All Y-12 wives are invited to attend the party. Prizes will be awarded to wearers of the most novel costumes and games will be played.

Bums Win Title in Softball Meet Over Old Foes

Continued from Page 3
other by the record score of 30 to 6.

Record Score Is Posted

That 30 to 6 victory of Bldg. 9212 marked the highest score ever registered in plant league competition. The victors were hitting viciously and were aided by nine errors.

Despite the onslaught of the Bldg. 9212 sluggers, the Isotopes gamely stayed in the ball game until their last man was retired and scored half of their runs in their final round. Davis, of the losing team, got a home run, triple and single in four times up, and Walton also got a triple. For the victors Marlar and Shoemaker each got a home run and triple while McPherson and McLendon each rapped triples.

Bums Win Close One

In the opening round the Bums trimmed the All Stars 4 to 3 in one of the best games of the season. The All Stars got away to a three-run lead in the first inning but the Bums kept picking on Don Ross and finally went in front in the sixth. In the other first round tilt the Isotopes started out fast and straight-armed all efforts of the Rippers to catch up to finally wind up with a 15 to 11 victory. The Rippers then forfeited to the All Stars in another scheduled event.

Line scores of all the tournament games follow:

Team	R	H	E
Bums	110	002	0-4 4 3
All Stars	300	000	0-3 5 1

Batteries: Bums, Oliphant and Brown, Hale (5). All Stars, Ross and Marrow.

Team	R	H	E
Isotopes	335	020	2-15 11 5
Rippers	103	203	2-11 13 5

Batteries: Isotopes, Darby and Griffin. Rippers, Gordon and Moore.

Team	R	H	E
Isotopes	001	011	3-6 10 9
Bldg. 9212	912	828	x-30 20 2

Batteries: Isotopes, Killian, Darby (4) and Griffin. Bldg. 9212, Mustin and Barker.

Team	R	H	E
Isotopes	0 0 0 4 0 0 0	4	7 4
Bldg. 9212	1 1 0 0 10 7 x	19	14 3

Batteries: Isotopes, Killian and Frazier. Bldg. 9212, Mustin and Guttery.

for a week at her home in Alcoa, Tenn.

C. R. Cowden, of Buildings and Grounds, is vacationing for a week putting the finishing touches on his home at Byington — but taking time out on World Series afternoons to listen to the games . . . L. K. Flynn is vacationing for two weeks and plans to get in some fishing.

Mattie Anderson, of the Assay Laboratory, spent a recent week end at her home in Pennington Gap, Va. . . Vacationists of the department include Thelma I. Kinsley at her home in Corrytown and Agnes Johnson with her folks at Johnson City . . . Ozell Pass spent a recent week end with her sister in Nashville . . . A whole flock of Labbers went up to Lexington, Ky., to see the L. S. U.-Kentucky game, including Shorty Heatherly, Neil Goodwin, Ed Gammon, Walter Rice, Joel Thomason and Bill Harman.

Y-12 Fire Chief John W. Hughey and G. Clifford Henderson, Chief Safety Engineer, paid a business visit to the General Electric Co. installa-

New Records Posted By C Loop Pinmen

Bowlers in the C League did some powerful pin pounding at the Central alleys last Wednesday night, setting a number of seasonal records, and at the end of the session three teams emerged in a tie for top spot in the loop and two for second place.

When the timber toppling was over the Hurricanes had swept four points from the Guards, the Orphans had thumped the Thin Pins by the same margin and the Hooks had taken three from the Short Circuits. The three victorious teams were then deadlocked for first place. In the other engagement of the night the Hornets and Moles broke even.

The Orphans posted seasonal high records for team scoring in all brackets with a 920 scratch game, boosted to 1,079 with handicap, a 2,589 scratch series and handicap series. Al Townsend, rolling for the Hurricanes, took all individual honors with a 213 scratch single game and 564 scratch series. His handicap scores of 256 and 693 were tops for the season to date.

League standing follows:

Team	W	L	Team	W	L
------	---	---	------	---	---

Hurricanes	12	4	Short Circuits	8	8
Hooks	12	4	Moles	7	9
Orphans	12	4	Hornets	5	11
Thin Pins	8	8	Guards	0	16

Strikers Maintain Record In D League

The Strikers held on to the lead in the D League of plant bowlers last week and remained the only undefeated team in any Y-12 loop competition—and did it the easy way when their opponents, the Toppers, were unable to muster a team and were forced to forfeit. Despite lack of opposition the Strikers came out with the high scratch series of the night with a score of 2,298.

The Angstroms finally got rolling last week to take three points from the Pick Ups and break a tie for last place. The Angstroms were paced by Griffin with a 531 scratch series, a handicap series of 660 for tops of the season and a sizzling 242 single game. The best scratch single game of the night was authored by Webber, of the Pick Ups, with 199. The Angstroms also took top honors with a 1,015 handicap game and 2,815 handicap series while the best scratch team game of the night was an 832 by the Pick Ups.

In another engagement an even split was reported by the Cermets and Old Men. The Splinters took the Isotopes for three in the other fracas.

League standing follows:

Team	W	L	Team	W	L
------	---	---	------	---	---

Strikers	16	0	Old Men	6	10
Isotopes	11	5	Toppers	6	10
Cermets	9	7	Angstroms	5	11
Splinters	8	9	Pick Ups	2	13

Maintenance First Aiders Are Feted By Supervision

The Maintenance Division first aid team that finished in second place among the plant teams entered in the Carbide first aid contest September 16 was feted by supervision of the division at lunch in the plant cafeteria last Thursday afternoon. Prior to the contest the supervisors promised the luncheon to the team members if they placed first or second among the plant entrants. Members of the team are Charley Beckett, captain; A. K. Bowles, Avery Kendig, A. E. Argo, Jimmy Wilson, J. D. Hatmaker and W. H. Evans. The team members and hosts made up a party of 15 at the luncheon, which was served in the private dining room of the cafeteria.

tion at Sch-Sken-Schneck-aw, the heck with it, they went to a community up near Albany, N. Y., and are due back this week.

Y-12 Photos By Vince Moore

LINDEN SCHOOL, ONE OF 11 OAK RIDGE SCHOOLS ON the Honor Roll of the National Safety Council for exceptional effort in safety, recently received notice of the citation, which is being read by Mrs. Stanley Fairbourne, wife of a Y-12er and active in Parent-Teacher Association activities. She is flanked by Charles Bowles and Randy Maney, also sons of Y-12ers. At right are Lieut. Claude Stair, of the Oak Ridge Police Department; and Miss Ruth Jewell, Linden School faculty instructor in safety.

Y-12 Parents And School Children Active In Stressing Safety At Oak Ridge Schools

In addition to teaching the "three R's," Oak Ridge schools also continue the educational alphabet right along to stress an "S" in their curriculum. Its "S" for "Safety," that is—and the success of the program is evidenced by the fact that of 76 schools throughout the United States cited by the National Safety Council for outstanding effort in impressing the importance of careful safety habits on youngsters 11 were in Oak Ridge. That includes the entire school system of the city and only four other schools in the state of Tennessee were so honored.

Y-12 Parents, Children Active

School children of Y-12ers participate in the safety programs of all the schools with the Linden school being one outstanding example. A number of Y-12 parents are active in the Parent-Teacher Association activities there that includes the backing of the safety program. Among these are Stanley Fairbourne, of the Y-12 Isotope Research and Production Division, a former president of the P-TA, and Mrs. Fairbourne.

In recognition of the safety program each of the Oak Ridge schools recently received notice from the National Safety Council that they were on the national honor roll for five consecutive years for exceptional efforts in safety. The notice was signed by Ned Dearborn, president of the council; and Wayne T. Hughes, director of the school and college division of the council.

Safety Patrol Part of Program

One of the features of the safety program at all of the schools is the safety patrol of youngsters whose duties are to protect other children from traffic hazards. Out at Linden there are a number of sons of Y-12ers on the patrol, among them being Charles Bowles, son of A. K. Bowles, of Standby Plant Maintenance; and Randy Maney, son of Alfred Maney, Maintenance Shops.

Randy Maney will be among a large Oak Ridge delegation in Nashville the first part of this week to attend the Governor's Safety Council. Miss Ruth Jewell, Linden faculty advisor and instructor in safety, also will be among the party.

Robinson Will Join New Project Of AEC

R. W. Cook, manager of Oak Ridge Operations for the Atomic Energy Commission, has announced the impending transfer of G. O. "Gus" Robinson, Jr., Director of the Office of Public Information here since 1944, to a similar post in the commission's new operations office, the site for which has not yet been selected.

In his new position, Robinson will serve with Curtis A. Nelson, formerly of Oak Ridge, and more recently the commission's liaison officer at the Chalk River, Ontario, atomic energy project, who has been named manager of the new operations office.

Cook said Robinson's duties will be handled temporarily by Gordon R. Molesworth, assistant to the manager for public education, here in Oak Ridge.

A native of Mississippi and a veteran newspaperman, Robinson first came to Oak Ridge in June of 1943. In April of 1944 he was assigned to the headquarters office of the Manhattan Project in Washington, but later returned to Oak Ridge as public relations officer for the project.

Handled First Ridge Stories

Robinson assisted in the writing and distribution of the first stories and pictures released to the public on the historic atomic energy project at the time the initial bomb was dropped on Hiroshima, August 6, 1945.
